

Gas Mains Replacement – King Street, Hammersmith

You are invited to a public exhibition, to find out more about our plans to replace the old large diameter metal gas mains in King Street between the junctions with Dalling Road and Hammersmith Gyratory, and to meet the project team.

This is being held in a marquee near the Lyric Theatre on King Street on Friday 7 June between 11am and 7pm.

We are planning to carry out this work between July and November 2019 and we are working with the London Borough of Hammersmith and Fulham to minimise the impact. **All shops and businesses will be open as usual.**

Our gas mains replacement programme is crucial to providing safe and reliable energy to homes and businesses and will reduce the amount of unplanned work to repair ageing gas pipes.

We are aware that our work may affect you and we are doing all we can to minimise the inconvenience to people who work, live or travel through the area. However, due to the nature of the work and the likely disruption it will cause, we hope that you can attend this event to find out more details.

If you would like more information, please call or email our Community Relations Team on **0800 389 8261** or **info@communityrelations.co.uk**.

Yours faithfully,

Polly Gourlay
Project Manager (tRIIO)
